

## EGWD Water Rates for 2018

The Elk Grove Water District completed a comprehensive water rate study in 2013, establishing rate calculations for the next five years. The study was approved by the Board of Directors at a public hearing on June 26, 2013.

In keeping with the approved action, water rates will increase slightly as of January 1, 2018. Specific details are included in this brochure. There are no fee increases at this time.

### New Connections

Fees for new connections to EGWD contain two components. The base charge for a 1" meter is \$926 and larger meter installations will be charged any additional cost difference. The second is a capacity

charge, which covers the cost of "buying-in" to an existing system. New connections in EGWD's Service Area 2 do not pay the capacity charge, as those costs are part of Sacramento County's infrastructure.

Meter Size	Meter Charge	Capacity Fee (Service Area 1 only)	Total
